

SCHOOL GRANTS 2017-2018

School Grant Description

The Paulding Education Foundation offers a School Grant Program for the Paulding County School District. Grants will be awarded for **\$2500**. Any school within the district may submit a grant proposal. Two grants will be awarded at the Elementary School level, one grant awarded at the Middle School level, and one grant awarded at the High School level.

Purpose: To support innovative projects, classroom instruction, and programs that enhances the school curriculum and/or enriches the learning experience for students.

General Guidelines

Each application will be reviewed based on a rubric and must include the following characteristics:

- ✓ Focus on student achievement
- ✓ Innovative
- ✓ Appropriately aligned with School District Goals and the School Improvement Plan
- ✓ Measurable impact and result regarding student achievement
- ✓ Cost effective

The Foundation review committee will review the submitted grant applications and determine if the proposal meets the established criteria.

Schools may request grant money for technology and/or instructional resources integrated with other curriculum materials and activities to enhance the school curriculum and/or enrich the learning experience for students. Appropriate district staff will need to approve equipment requests. Equipment purchased through a school grant becomes the property of the Paulding County School District. **Grant funds must be spent within 60 days of receiving the award.**

Online applications will be posted on the Paulding County School Foundation web site beginning Tuesday, August 29, 2017. Deadline for application submission will be Friday, September 15, 2017. All applications must be submitted electronically by the principal of the school.

Please contact Clark Maggart at cmaggart@paulding.k12.ga.us for questions. We look forward to your school's submission.
